Dear Paul,

I want to thank you and your staff for all of the time and effort you have put into winning two cases for me against the Federal Employee Office of Workers' Compensation Programs.

I tried on my own to deal with the Federal Employee Compensation Program but continued to be denied and was fortunate enough to be referred to you. You, Ellen and April have been invaluable to me and my wife in getting through a very stressful and difficult time. There has been several times over the last years that I was ready to back out but you knew what needed to be done, that it was just a matter of time and getting the right people to listen.

Thank you for standing behind me and believing that in the end it would be in my favor. After over two years we are finally successful!

I feel very confident having your support in the future as needed.

Sincerely,  
Joseph Michael Dean
