I was referred to Mr. Paul Felser of the Felser Law Firm, P.C. in May 2003 through a lawyer here in my hometown. Contract was made with Paul Felser and he explained the terms for acquiring his legal services, those terms were accepted by me. His immediate attention was directed at responding to a deadline that was required for me to establish a case hearing. Paul Felser has always advised and kept me updated on those case matters that are similar to that of mine. His services and legal expertise has been excellent in making preparation for the upcoming hearing. I will say, that I highly recommend Paul Felser legal assistance to anyone seeking a recourse with matters involving that of the U. S. Department of Labor.
