The best decision I made concerning my Workman's Compensation injury claim was hiring Mr. Paul Felser, Esq. of the Felser Law Firm, P.C., Savannah Georgia. Do not hesitate in making a decision to hire Mr. Felser. It was impossible to know all the procedural steps relating to my claim without his input. Mr. Felser stays up to date on new changes to the Federal Workman's Compensation program. Also, Mr. Felser's staff is always courteous and helpful in setting up appointments for phone conferences. The only thing I would do differently in hiring Mr. Felser would be to hire him immediately after my life changing injury.
