Savannah GA 31412

Mr. Paul Felser

I would highly recommend to anyone in need of an attorney. Paul Felser is extremely knowledgeable in the field of Federal Worker's Compensation cases and knows how to deal with complex issues which can arise in a Department Of Labor case. Mr. Felser is very comfortable and is well respected by his peers. Mr. Felser is very meticulous and detail oriented and completes all paperwork completely and accurately leaving little room for disputes from others.

I hired Mr. Felser to represent me for my worker compensation claim with the federal government about two years ago. He is still working on my case but from the work he has done it has been excellent. He always keeps me up to date with everything that is going on with my case. He's patient, understanding, answer any questions that I may have on our phone calls appointments on a timely matter. He's very professional with everything he does and articulate.

Mr. Felser's paralegals and staff are also wonderful people to work with. They go above and beyond the call of duty. They're also very professional with their work and how they talk to me. The paralegals and staff are very organized and show their concerns for me as a client.

I have never met with Mr. Felser or his staff in person. I live in Charleston South Carolina and all interaction is done on the phone or email, making it so easy because I don't have to drive to Savannah. I will drive to his office when this case is over with the Department Of Labor and personally thank Mr. Felser and his staff.

If you need a professional and knowledgeable Federal Worker's Compensation lawyer Felser Law Firm is the firm to contact.

Thank You for all that you have done for me,

Rudy Cunningham
