FEDERAL Workers Comp Victims:
There is Help Here In Georgia!

After working with the Federal Govt some 75 years, I found myself in, "I thought" the worst thing that could ever happen to me. I was injured on the job, I was devastated! I ended up having 4 surgeries and mounds of paperwork from Workers Comp, that I got overwhelmed mentally & emotionally. I had to find someone to help me, God sent me an angel! His name is Paul Jelsner of Jelsner Law Firm; 7 East Congress St Suite 400 Savannah Ga 31401 Contact # is 912-232-5353 E mail is www.FECALATTORNEY.COM

Mr. Jelsner took my case and talked with me calmly and with respect. He took this tremendous burden from me and has turned this nightmare into sanity for me. In fact, his entire staff is so pleasant and helpful. Mr. Jelsner has really dissolved my frustrations. He is very direct, professional and decisive. I would recommend him to anyone I could if you have a Federal Workers Comp. Issue. Be patient and build your case from a firm foundation. Best advice I ever had from him. I highly recommend you to Mr. Paul Jelsner.
Deepest Thanks,
Beth R.
